

There are 60 baubles in a box. Molly takes all of each colour out of the box as she counts them.

$\frac{3}{10}$ of them are blue. Molly removes them.

$\frac{2}{7}$ of the remaining baubles are green. Molly removes them.

$\frac{3}{5}$ of the remaining baubles are red. Molly removes them.

$\frac{1}{2}$ of the remaining baubles are purple. Molly removes them.

$\frac{2}{3}$ of the remaining baubles are orange. Molly removes them.

The rest of the baubles are yellow. How many are yellow?

There are 60 baubles in a box. Molly takes all of each colour out of the box as she counts them.
