

There are 60 baubles in a box. Jack takes all of each colour out of the box as he counts them.

$\frac{1}{5}$ of them are blue. Jack removes them.

$\frac{3}{8}$ of the remaining baubles are green. Jack removes them.

$\frac{2}{5}$ of the remaining baubles are red. Jack removes them.

$\frac{2}{9}$ of the remaining baubles are purple. Jack removes them.

$\frac{3}{7}$ of the remaining baubles are orange. Jack removes them.

$\frac{3}{4}$ of the remaining baubles are black. Jack removes them.

$\frac{1}{2}$ of the remaining baubles are pink. Jack removes them.

The rest of the baubles are yellow. How many are yellow?

There are 60 baubles in a box. Jack takes all of each colour out of the box as he counts them.
